

VFR Into IMC - How Will It Look on the Accident Report?

Paul Suffern will review several recent VFR into IMC accidents along with some tips on how to avoid getting into VFR into IMC situations. Paul will highlight recent updates to weather tools including the new graphical area forecast changes from the Aviation Weather Center. Click on the link below and register TODAY.

Directions: The meeting will be held at the Wings of Carolina facility. When entering the airport, make an immediate right turn on Ammons Farm Road. Fence is on left; turn left at gate. WCFC is on the left just before entering airplane ramp.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
